

## Make a Fairie Happy

You tell us what kind of fairie you would like to adopt, and our Fairie Search Team will leap into action. No matter how long it takes, the Fairie Search Team will keep searching until they locate just the right fairie to match your heart's desire.

Then, using their special fairie-luring skills, the Adoption Team will gradually coax the fairie to move closer and closer to the Carousel until he or she decides to come inside and stay!

When the fairie is comfortably settled, you will receive a note card in the mail with a picture of your own personal fairie. Your fairie will be eager to meet you and will be waiting for you to come for a visit. You can't take your fairie home with you, but you can come visit whenever you like!

The \$200 fairie adoption fee will be used to keep your fairie safe and entertained, and to keep the Carousel of Happiness going Around and Around and Up and Down, Happily Ever After.

To adopt a

fairie,

simply fill out the application form on the back of this brochure. You can mail it in with your \$200 adoption fee (donation) and a good description of the fairie you are seeking, including what you hope will be the fairie's name. Or you can come by the Carousel and speak to us in person about your heart's desire.

NOTE: It may take several weeks to find just the right fairie, and gently lure them into their new home. Fairies are generally shy and bashful. They must be coaxed out of their hiding places by patience, whistling, and little drops of a special flower nectar that fairies particularly love.

Some fairies are very persnickety about their appearance, and refuse to come in until they are sure they look their very best. Others like to tease the Adoption Team members by seeming to be ready and then flying away. And occasionally (though very rarely) a fairie who seems just right will turn out to be not so right after all.

So, several weeks may go by before you receive word of your fairie's arrival. The Fairie Adoption Team has not forgotten you. The wait will not seem so long when you consider that "Happily Ever After" is a really, really long time.

The Fairy Adoption Program is an ongoing fundraiser for the Carousel of Happiness, a 501(c)3 non-profit. The \$200 donation per fairy helps the Carousel meet its mission of providing simple joy to all who come. Your donation will help us keep the ticket price at \$1 so that everyone can afford to ride.

Your donation is tax deductible, and you will be sent a donation acknowledgment that you can submit with your tax filing.

Our fairies are made by volunteers, who do their best to manifest the adopter's vision. Some of the options for the adopter are a "theme" (you will see several fairies with themes, from Autumn to Roses), or you can specify a style of clothing (a girl in a blue dress), male or female, color of hair, etc. Fairies are not meant to look like an actual person -- they can only look like themselves. But they can share features such as hair color, dress, or a hobby. The carousel's intention is to keep the fairies up permanently.

Remember that the fairies will be placed up high, out of the reach of little hands, so fine details won't show.

### The Fairy Book

A book on a pedestal in the Carousel House holds a picture of each fairy, the fairy's name, the name of the adopter, and a dedication if desired. Take a look at the fairy book for inspiration.

## Adopt-A-Fairy Program

A little-known fact: the Carousel of Happiness, which is home to a herd of happy hand-carved animals, is also home to *another special group of magical beings:*

### Fairies.

For a modest adoption fee (donation) of \$200, the Carousel of Happiness Fairy Adoption Agency will search out a special fairy just for you. Your fairy will be invited to come and live Happily Ever After inside the Carousel House.
